Dr. med. Vladimir Rubimbura Mazimpaka

Spécialiste en Cardiologie et en Cardiologie interventionnelle, membre FMH

Sprachen

FR,RW,IT,EN,ES

Berufserfahrung

seit 2020	Chief Physician and Head of the Interventional Cardiology Unit at Morges EHC Hospital
seit 2018	Head of Clinic in the Interventional Cardiology Unit at the University Hospital Center of Vaud (CHUV). CHUV.
seit 2015	Training in coronary angiography and cardiac imaging at the Interventional Cardiovascular Center (Melun) and Antony Private Hospital (Antony, France).
2015–2018	Contract Hospital Practitioner (PHc) in the coronary angiography department - Functional Investigations – Henri Mondor University Hospital (Créteil, France). Coronary angiography activities (coronary angioplasties, right KT, structural procedures: TAVI, FAG, FOP). Day hospital activities in cardiology with development of outpatient activities. Fundamental research activities on “hemorrhagic shock” – Mondor Institute for Biomedical Research (IMRB) - Inserm U955 Team 3
2012–2013	Cardiology Physician Assistant - Marie Madeleine Hospital (Forbach, France) with initial training in coronary angiography (Metz-Thionville Regional Hospital, France)
2012	Cardiac Surgery Intensive Care Assistant (University Hospital of Trieste, Italy)

Forschung

Investigateur principal:
o TransRadIal Evaluation STudy of diamEter increase after vasodilatory drugs administration. The TRIESTE randomized study
o KISS Study - Keep bIfurcation Single stenting Simple
o Bioflow DAPT - A Prospective, Randomised, Multi-centerStudy to Assess the SaFetyof the
OrsiroMission Stent compared to the ResoLuteOnyx Stent in Subjects at High Risk for Bleeding in combination With 1-month Dual Antiplatelet Therapy (DAPT)
Co-investigateur:
- The Moca 1 study (CorFlow) - Microvascular Obstruction With CoFI™ System Assessment
- PACIFIC (Study to Gather Information About the Proper Dosing and Safety of the Oral FXIa Inhibitor
BAY 2433334 in Patients Following an Acute Heart Attack)
- POT-Puff (Evaluation of saline compared to media contrast for Optical Coherence Tomography).
- Biosolve IV (safety and performance of the Magmaris sirolimus-eluting bioresorbable magnesium
scaffold in a large patient population)
- ENVISAGE-TAVI AF Investigators. Edoxaban versus Vitamin K Antagonist for Atrial Fibrillation after
TAVR

Ausbildung

2015	Interventional Cardiology Fellowship and Cardiac Imaging Fellowship (Paris, France).
2012	Diploma in Cardiology - University of Trieste (Italy).
2008–2012	Cardiology Intern - Trieste University Hospital (Italy).
2007	Internships in Cardiology, Infectious Diseases, and Internal Medicine (University Hospital of Nice, France).
2007	Degree in Medicine - Trieste University Hospital (Italy).
2006	Internship in the Cardiology Department – Cotonou University Hospital (Benin).
2005	Internship in the Internal Medicine Department - Lariboisière Hospital (Paris).
2005	Internship in the Cardiology Department – Bellvitge University Hospital (Barcelona, Spain).

Mitgliedschaften

- EuroPCR : participant régulier et intervenant.
- GRCI (Groupe de Réflexion en Cardiologie Interventionnelle) : participant et intervenant
- Congrès ESC (European Society of Cardiology) : présentation de communications orales et posters
- SwissCTO : membre du comité scientifique, commentaires de cas en direct et modération de
sessions sur les angioplasties coronaires complexes.
- Cardiofolies : membre du comité scientifique et organisation de la première édition (2026).
