SWISS MEDICAL NETWORK

Bénédicte Jonqua

Podologue, prise en charge des pathologies et affections du pied

Kompetenzen

Medical pedicure
• Pedicure treats epidermal and nail disorders: ingrown toenails, corns, calluses, nail and skin fungus, plantar warts, cracks, etc.
Podiatric assessment
• Complete static and dynamic assessment of the foot and its interaction with the locomotor system
Plantar orthosis
• After examination, if necessary, we make custom-made orthopaedic insoles directly scanned in 3D under the foot.
• Removable orthopaedic devices, with analgesic, corrective, compensatory or preventive aims.
• The fitting is possible for children, sportsmen, active people and even the elderly.
