Dr. med. Kouroche Amini

Swiss Specialist, FMH in Plastic, Reconstructive and Aesthetic Surgery
Chairman of the AMG Plastic Surgeons Group

Competences

Dr Kouroche Amini, a Swiss plastic surgeon working in Geneva, practices reconstructive and aesthetic plastic surgery.

After a precise analysis of his patients' needs, Dr Amini identifies the best type of operation required.

Dr Amini's professionalism and skills enable him to perform a wide range of operations, from cosmetic, plastic and reconstructive surgery to aesthetic injections of botulinum toxin or fillers (hyaluronic acid or calcium hydroxyapatite), not forgetting more invasive procedures such as abdominoplasty, breast surgery (aesthetic or disease) or liposuction, for example.

Patient satisfaction is obviously Dr Amini's most important objective.

Find out more on Dr Amini's website about the various operations he carries out on a daily basis at the Clinique Générale Beaulieu in Geneva. He also performs occasional operations at the Clinique de Genolier.
