Handouts Presentations

I graduated from the University of Hong Kong in 2006 and went on to obtain a master's degree in medicine from the Shanghai University of Traditional Chinese Medicine. I have been practising Chinese medicine (acupuncture, moxibustion and tuina) for over 10 years, with solid clinical experience in Shanghai, Hong Kong, Zurich and now Geneva.

I have excellent skills in Chinese medicine in the fields of gynaecology and reproductive medicine, pain management, support in oncological treatments and paediatric pathologies. I speak Cantonese, Mandarin, French, English and German.
