Handouts Presentations

I am ASCA accredited

I have been a massage therapist for over 14 years. A Brazilian national and Swiss citizen, I speak French, Portuguese and Italian. Since childhood I have cultivated my sensitivity through reading and professional training. My ability to sense physical and emotional needs, combined with my technical skills, enable me to provide care in line with a person's wishes and needs.

With my sensitivity, I feel how I should proceed when my hands are in contact with the other person's skin. Soothing and healing are terms that go hand in hand with my desire to work beyond the body, in connection with the soul and spirit of the individual.
