2001	Sport Orthopaedic Award “Michael Jäger”

Research

- Professor of Orthopaedics and Traumatology at the University of Basel
  University teaching and research activities
  Osteoarthritis Research Center Basel (www.osteoarthritis.ch)

Main areas of research

- Orthopaedics and biomechanics of the lower extremity (hip, knee, OSG/foot)
- Arthrosis
- Cartilage injuries and ligament injuries to the upper ankle and knee
- Orthobiologics
- Gait analysis and muscular rehabilitation

Accreditation

Schmerzklinik Basel

Privatklinik Obach

Specialties

Orthopaedic surgery

Foot/ankle surgery

Knee pain and knee surgery

Hip surgery

Sports medicine

Hip osteoarthritis

Hip prosthesis
