

your health CHECK-UP at clinique de montchoisi

Your appointments:

1st appointment: analysis and general assessment of your health

It is necessary to fast at least 3 hours before the first appointment (water is allowed).
Full bladder is required for abdominal and pelvic echography.

2nd appointment: results and consultations

Please bring any additional examinations you deem necessary (e.g. your last mammogram, your last analysis or X-rays).

The complete medical report will be sent to you by post
