

## Teaching

### **MEDICAL FACULTY, UNIVERSITY OF LAUSANNE, SWITZERLAND**

#### **Teaching of courses :**

- Ambresin, A. (every year since 2015) Gène et Vision [University course M1] [2022 evaluation: 100% satisfaction]. Medical Faculty, University of Lausanne, Switzerland
- Ambresin, A. (2010-2017) Vascular occlusive retinal diseases, diabetic retinopathy, AMD [University course M1]. Medical Faculty, University of Lausanne, Switzerland

#### **Supervision of master's thesis in Medicine for the following students :**

- Dr Körpe Dilsah (2019). Influence des variations des temps circulatoires rétinien et choroïdien mesurés en angiographie avec produit de contraste sur l'analyse quantitative obtenue en OCT-angiographie.
- Dr Gillmann Kevin (2018). Microinvasive glaucoma surgery: study of the efficacy, safety profile and quality of life impact of Istent injection micro bypass stents in patients suffering from open angle glaucoma. Thesis accepted in 2020.
- Dr Kuonen Anne (2017). Evaluation of perifoveolar capillary changes using OCT angiography in diabetic retinopathy. Thesis accepted in 2020.
- Dr Zouari Malek (2016). Factors influencing peroperative pain in intravitreal injections.
- Dr Nguyen Isabelle (2016). Factors influencing peroperative pain in intravitreal injections.
- Dr Ladaïque Myriam (2015-2015). Long term results of CNV high myopic eyes.

#### **Supervision of doctorate's thesis in Medicine for the following students:**

- Dr Vallée Rodolphe (2022). Cardiovascular risk prediction by artificial neural networks using dye-based angiography and optical coherence tomography angiography data. Thesis accepted in 2024.

### **SWISS VISIO MONTCHOISI B CENTER1, LAUSANNE, SWITZERLAND**

#### **Teaching of courses:**

- Angiography
- Fluorescein and OCT
- Journal Club Retina
- Retinal Circulation, Vein Occlusion, and Diabetic Retinopathy
- Retinal Imagery

---

1 as recognised by the Swiss Medical Federation (FMH)

### Supervision of the following Medical Retina Fellows:

- Dr Thomas Lescure 2026
- Dr Joseph Fang 2025-2026
- Dr Konstantinos Kitsos-Kalyvianakis 2025
- Dr Sila Bekiroglu 2025-2026
- Dr Nicolo Bartolomeo 2024-2025
- Dr Sila Bekiroglu 2025-2026
- Dr Nicolo Bartolomeo 2024-2025
- Dr Mihaela Chitoroaga, 2023-2024
- Dr Nicolas Owlya, 2022-2023
- Dr Mickael Barbosa, 2022-2023
- Dr Coraline Calci, 2021-2022
- Dr Georgios N Tsiropoulos 2020
- Dr Vasilea Chatzistergiou 2019
- Dr Giorgio Bravetti 2018
- Dr Ioannis Papisavvas 2017-18
- Dr Sacha Naso 2016-2017
- Dr Marta Zola 2016-2017
- Dr Filippo Fabro 2015-2016
- Dr Ali Dirani 2014-2015
- Dr Christina Gianniou 2013-2014
- Dr Angeliki Deli 2012-2013

### JULES GONIN EYE HOSPITAL, LAUSANNE, SWITZERLAND

#### Teaching of courses:

- Gène et Vision

### LARGE AUDIENCE

- Ambresin A, Bekiroglu S, Chitoroaga M. Dégénérescence maculaire liée à l'âge : la cécité est elle une fatalité ? Presented at: Connaissance 3, Université des seniors; 2025 Jan 1; La Tour de Peilz, Switzerland.
- Dégénérescence maculaire liée à l'âge: la cécité est-elle une fatalité ? Connaissance 3, Université des seniors; 2023 Jan 23; Yverdon-les-Bains, Switzerland.
- Formation SD-21-1-22. Espace Compétences; 2021 Dec 1.
- FBM optional course. 2021 Nov 11.

### OTHERS

- Gerendas B, Ambresin A, Degli Esposti S, Lukić M, Seres A. Co-hosts of: Imaging of Retinal Diseases. EURETINA Educational Webinar; 2024 Jul 16; Online.

- Les complications du diabète - Rétinopathie. Cours pour expert·e en conseil de diabétologie. Hopital de Lavaux; 2023 Nov 15 and 2024 Dec 12; Cully, Switzerland.
- nAMD and Pachychoroid and Subtypes of Namd and Treatment and New Treatment Options. Forum für medizinische Fortbildung (FOMF) Ophthalmologie Update Refresher; 2023 Jun 8; Zurich, Switzerland.
- Euretina Insight interactive course, e-learning module on OCTS in Age-Related Macular Degeneration.
- International Thesis supervision for: Dr Jorge Ruiz Medrano. Study of the Choroid of Healthy Population Using Swept-source Optical Coherence Tomography. Universita Complutens; 2017; Madrid, Spain.
